G.O.P. LEADERS CONFER TONIGHT AT WHITE HOUSE

Five Senators and Seven
Representatives to Meet
President Harding.

TARIFF WILL COME UP

International Affairs Also
To Be Talked at
Dinner.

WASHINGTON, Jan. 7.—President Harding today invited a number of republican leaders in congress and several others prominent in the conducting of administration affairs to a dinner at the White House tonight, at which it is understood the legislative situation and government affairs will be discussed.

Those invited included five members of the senate, seven members of the house, Secretary of War Weeks, Attorney General Daugherty and John T. Adams, chairman of the republican national committee.

The members of the senate invited were understood to be Senators Lodge, Massachusetts; Watson, Indiana; Curtis, Kansas; McCumber, North Dakota; and Brandegee, Connecticut. The house members are Speaker Gillette, Majority Leader Mondell, Representative Sidney Anderson, Minnesota; Barrow, Pennsylvania; Saunders, Indiana; Chairman Madden of the appropriations committee and Chairman Fordney of the Ways and Means committee.

Considerable formal announcement was made at the White House concerning the dinner conference, it was learned that it will deal with recent developments from a conference held by the President with senate leaders this week. The tariff, a proposed modification of it to allow fluctuations of duties as suggested by President Harding, and the soldier bonus measure would be taken for consideration, it was said, along with the policies of the administration in respect to international affairs.

Virtually all the members of congress who were invited occupy places of importance in committee organizations of the senate and house. Representative Anderson is chairman of the joint commission of the house and senate, which has been engaged for the last six months in investigating the agricultural situation.

AMUSING

The young folks met at the Robinson home for a party Thursday night and at the Young home Friday night. A nice time was had at both places.

Ruth Young had as her guests this week-end, Magdalene Reed, Jenna Mae Bundridge, Alpha Worthington and Sella Mae Ray, all from Ada.

Mr. and Mrs. Anderson returned Friday from Allen where they have been visiting Mrs. Anderson's parents.

A pleasant time was had by those who attended the New Year's party at Mrs. Oliver's Saturday night.

Mr. and Mrs. Lester Throgmorton spent Saturday night and Sunday with Mr. and Mrs. Bryan Robison of Lovelady.

Annie and Bertha Brandon are visiting at Parish Chapel.

Mr. and Mrs. H. S. Tollison spent Sunday night and Monday with Mr. and Mrs. Finley Tollison.

Ophie Throgmorton was the guest of Alice Bryant Saturday night.

Dorothy Throgmorton is visiting in the Lovelady community.

Laynette Coffelt spent Friday night with Bertha Williams.

Mrs. Luther Lovelady and niece Azlee Seeks of Byars, Okla., visited at the Lovelady home this week-end.

Mrs. Orbin Ross spent Thursday with Mrs. Thurman Latimer.

BATES AND LANGSTON TO FILE OUSTER ANSWERS

ARDMORE, Jan. 7.—Attorneys for Mayor Jack Langston, and Chief of Police N. S. (Lem) Bates, both of Healdton, are expected to file answers Monday to the ouster charges filed against the officials by Assistant Attorney General Elmer E. Fulton Thursday morning, they announced this afternoon.

While no intimation was given, it was assumed by friends of the two that they will follow the lead of Sheriff Buck Garrett and deny all the charges.

Following the filing of the charges, Mayor Langston told friends in Ardmore that he repeatedly attempted to resign but the citizens of Healdton have prevailed upon him to keep the office.

Japan and China Draw Up
Joint Request to Arms
Conference.

KIAO-CHOW DEAL ENDS

Most Delicate Situation Is
the Belief of British and
American Delegates.

(By the Associated Press)
WASHINGTON, Jan. 7.—Arthur J. Balfour and Secretary Hughes, it was said today by a British spokesman, probably will await a joint request from the Japanese and Chinese delegations to the arms conference to mediate the Shantung dispute, before stepping into the breach caused yesterday when the conversations between the two groups came to an end after failure to agree on terms of payments for Kiao-Chow railway.

Messrs. Hughes and Balfour, the spokesman said, however, likely will agree to meeting the Chinese delegation in response to its request late yesterday. Thus they would reach the Chinese report on the situation.

The British viewpoint is that the situation is so delicate that it would be difficult for the British and American delegations to intervene at the instance of the Chinese without the Japanese joining in the request. This, it was announced, the Japanese told the Chinese last night they were unwilling to do, although they said they had no objection to the Chinese asking mediation.

The Chinese delegation shortly before noon received an invitation from Mr. Balfour for a conference late in the day. The delegation said it has not received any reply from Secretary Hughes to its request and did not believe that Mr. Hughes would be present at the conference with the British delegation head.

It was later learned that Secretary Hughes had agreed to see the Chinese delegation informally at four o'clock this afternoon regarding the Shantung deadlock.

Mr. Balfour declared the Chinese and Japanese were divided to such a small extent that "it seemed impossible that an agreement cannot be reached."

MILITARY HONOR FOR FIREMAN IN FUNERAL SUNL

Full military honors will be accorded Pat Fitzgibbons, fireman volunteer and former service man who was killed at noon yesterday when a chemical truck on West Twelfth street turned turtle when answering an alarm, Gilbert F. Polly, commander of Norman Howard Post of the American Legion, announced at noon today.

Services will be held Sunday afternoon at 3 o'clock at the Criswell-Myers undertaking parlors, Rev. J. H. Hill, pastor of the First Methodist church, having charge. After that the Legion, with a corps of former service men forming a military escort, will take over the body and lay it to rest with all the respect ex-soldiers can bestow.

It was announced, this afternoon that members of the fire department also would assist at the funeral as pall bearers. Interment will be in Rosedale cemetery.

A call to all former service men, soldiers, sailors and marines, to appear at the city hall tomorrow afternoon at 2 o'clock in full uniform, was sounded this afternoon by Polly.

POISON GAS AS WAR IMPLEMENT IS MADE OUTLAW

(By the Associated Press)
WASHINGTON, Jan. 7.—Poison gas as an instrument of warfare was outlawed today by Great Britain, France, Japan, Italy and the United States, who through their representatives in the Washington conference, approved the American proposal to prohibit the use of that weapon.

After the adoption of the anti-gas resolution, the arms committee took up the report of its sub-committee on air craft limitation, but reached no conclusion on the matter. The air craft discussion will be continued Monday.

On the question of aircraft, the sub-committee reported that it was deemed important to limit the size of the lighter-than-air crafts. Other types should be left over until a later conference, they reported.

FRISCO'S PRIZE FAMILY EQUALS NEW YORK'S GREATEST

Mr. and Mrs. Silverio Riverio and their children.

A "big family" contest conducted by a San Francisco newspaper unearthed the interesting fact that this city possesses a family which equals in size the record family of New York city—having sixteen children. Mr. and Mrs. Silverio Riverio are the

parents of this coast family. In the photo, left to right, the members of the family and their ages are: Catherine, 4; Rupert, 5; Anita, 6; Ernest, 8; Louis, 9; Theodore, 10; Julius, 12; Peter, 13; John, 14; Frances, 16; Martin, 18; Stella, 19; Victoria, 22; Sil-

verio, Jr., 20; Mary, 26. In the rear, at left, are Mrs. Silverio Riverio, holding baby Mary, 17 months old, stands beside Silverio Riverio. Four other children, now dead, were born to the Riverios. Riverio is a pattern-maker.

U.S. DEPOSITORS FINGER PRINTED

No Touch of Shame Is Now
Connected With Leaving
Picture of Digits.

Finger prints at last have become respectable.

No longer does the chilling shadow of the penitentiary fall upon every person who dips the end of his faithful digits into an inked pad and rolls them upon an inked paper.

You can now register a picture of your fingers with a sense of pride. Hereafter, all new depositors who make use of the United States postal saving bank, will leave behind them a complete set of finger prints as part of their identification. This announcement was made this morning by Postmaster J. W. Westbrook, following the receipt of official instructions from the Postmaster General.

Hitherto, only magazine stories have dealt in finger prints as a purely business asset, apart from the criminal aspect. Now a depositor gives his finger print as casually as he leaves his written signature.

This change in regulations is believed to have resulted from the fact that in many places, foreigners make up by far the largest percent of postal depositors. They have implicit confidence in the government and turn to it, as a matter of convenience, when they have money to lay aside. Recently, check artists have been getting fat pickings from these ignorant and unsuspecting foreigners by duplicating their signatures. Now, in addition to his other duties, the federal employee who attends the postal saving window must make a detailed study of the whorls and angles as displayed in the many finger-pictures recorded under his scrutiny.

Another change that has been made in postal saving regulations is the raising of the limit of individual deposits from \$3,000 to \$5,000 with an attendant increase in interest from two two three percent.

U. S. OBJECTS TO MEXICO'S TAKING GIRLS' ACADEMY

(By the Associated Press)
WASHINGTON, Jan. 7.—The state department has instructed the American ambassador at Mexico City to request from the Mexican government an explanation of the seizure by the municipality of Saltillo of property of the Foreign Mission Board of the Southern Baptist convention, concerning which protests have been made to the department by Senator Harris, of Georgia. The seizure included the property operated by the mission board as a girls' school.

Announcement of the department's action was made by Under Secretary of State Fletcher, in a letter to Senator Harris, in which Mr. Fletcher said that preliminary investigation by the American consul at Saltillo indicated that the municipality had declined to restore the property. The consul's report likewise indicated, the letter said, that no reason of any kind was given by the local authorities for their action.

Mr. Fletcher suggested to the mission board, through Mr. Harris, that it report at once to legal remedies in an attempt to recover the property.

MUSKOGEE.—Mrs. A. C. Bond, now divorced from her husband who is said to be several thousand miles away on the Pacific coast, has named a new baby for her former spouse. The child's name is Attila Jean, the former name being in honor of Bond.

BRENTS GRABS UP "WHITE MULE" IN MUSKOGEE RAID

A new story on T. E. Brents, federal prohibition enforcement officer of this city, trickled out at the court house today.

It happened in Muskogee where Brents was waiting to testify before the U. S. grand jury. Bored with watchful waiting, the Ada man resolved to take a bit of exercise and do a little sleuthing on the side.

Wednesday night he sent out a deputy to see what he could find. The deputy ambled into a Muskogee drug store and planked down \$7 for a quart of pure grain alcohol, known in the parlance of the toper as "white mule."

This caused Brents to spring into action and the next morning he had a search warrant sworn out before United States Commissioner R. M. Mountcastle. The raid which followed netted a full gallop of "mule" and resulted in the arrest of Joe Magota, manager of the drug store.

Had No Permit.

The institution had no permit to keep alcohol for medicinal purposes, Brents declared, and this will constitute a separate charge arising from the sale of the quart. Magota was arraigned before Commissioner Mountcastle, waived hearing, and was released on \$5,000 bond. The case will be presented to the federal grand jury.

W. E. Delehant, manager of the string of stores with which Magota was connected, will be charged also with violating the national prohibition acts. One of the most interesting cases to come before the grand jury for attention is that of Lon Huhn, deposed Okmulgee county sheriff. Others around whom statewide interest centers as they face the U. S. grand jury are John M. Brendle, city marshal of McCurtain, charged with complicity in a postoffice robbery, and William Hill, McAlester, charged with "padding" expense accounts while he was a U. S. commissioner. Fifty indictments are expected.

MECHANIC TELLS OF SHOOTING IN ALLEY AT AUSTIN

AUSTIN, Tex., Jan. 6.—M. A. Hudler, mechanic, first witness at the examining trial here today of Barney Blunt and Olney Childers, charged with assault to murder in connection with the shooting on the night of December 15 of Peeler Clayton, taxi-cab driver, near the Ku Klux Klan hall, said he witnessed the shooting and saw Police Detective E. L. Young, Patrolman J. L. McNeill, Federal Prohibition Agent Bassett Miles and W. E. Mayberry, custodian of Fort Mabry, in the alley where the shooting occurred.

The first shots were fired from the automobile occupied by Clayton, Blunt and Childers, he testified. The firing from the automobile was returned, he testified "presumably" by Young, McNeill, Miles and Mayberry, who are under charges of murder in connection with Clayton's death.

CHARGES SENATORS WERE DRIVEN TO BAR NEWBERRY

WASHINGTON, Jan. 7.—Charges that threats have been made by certain interested persons to coerce senators to vote against Senator Newberry of Michigan, were made today by Senator Townsend, of that state, in the course of an extended defense of his colleague in the senate.

Mrs. E. E. Watson and children, who have been visiting Mrs. Watson's parents, Mr. and Mrs. B. C. Wadlington of 412 East Twelfth street, and her brother, County Attorney Wayne Wadlington and family, for the past two weeks, left at noon today for their home in Columbus, Ohio.

CHICAGO POLICE HUNT BLACKHAND

2 Persons, Liquor Officer
and Opera Star, Report
Serious Threats.

(By the Associated Press)

CHICAGO, Jan. 7.—A police guard met United States Prohibition Commissioner Roy D. Haynes this morning on his arrival from Washington, as a result of threats of death made against him. During his stay in Chicago, Mr. Haynes will be kept under a continual guard of police and special squad of prohibition agents. He will remain until Monday and will personally lead in a clean up of the city.

Mary Garden Threatened.

CHICAGO, Jan. 7.—Detectives, personally picked by Chief of Police Fitzmaurice, today were searching for the person or persons who sent Mary Garden, director general of the Chicago Grand Opera company, the letter and later dispatched a box containing a pistol and nine cartridges to Diva.

Miss Garden last night notified Chief Fitzmaurice her life had been threatened and admitted receiving a box, which contained a revolver and some cartridges, which had been sent into "dumb-dumb" bullets. In the letter the writer said he had reserved three bullets for her and "hoped he would soon have the pleasure of seeing her body float down the Chicago river."

Liquor Habit Cured?

CHICAGO, Jan. 7.—Declaring that America was "slowly but surely being 'weaned' of the liquor habit, Federal Prohibition Director Roy A. Haynes, told secret service operatives here today his department was "going to kill the habit at the root, and that slowly prohibition was coming into its own."

LOVELADY.

After enjoying the holidays every body has settled down to business again. We are needing rain on our grain badly. Farming is stopping for want of rain. There will not be much cotton planted in Lovelady community on the account of weevils.

Rev. W. H. Nettles filled his regular appointment at Lovelady the first Sunday.

Miss Gladys Allen and Mr. Russell were married at the home of the brides parents last Wednesday.

Mrs. Russell is well liked by all the community. She is teaching Hanna, Okla., where she has made a good record. Mr. Russell is a well to do farmer at Hanna, Okla., and has a host of friends there. We wish them success and happiness.

Sunday school is doing well at Lovelady. Its new officers were elected for a new year.

There are large attendances at prayer meeting on Wednesday nights.

The Farmers Union will have a business session Thursday night. The union members seem to be well satisfied with the exchange now in operation on West Main, Ada. The purpose of the exchange is to put our produce to the consumer at a better advantage. It will handle all lines of farm produce.

Grady Allen made a business call on J. L. Ross Monday in regard to some registered hogs.

Marvin Farris bought a cat Saturday.

Mr. and Mrs. White entertained the young folks with a party during holidays.

Miss Tollison entertained the young folks Saturday night with a party.

School started Monday after a week's vacation. The teachers reported a full attendance.

REPARATIONS OF GERMANY TO BE STUDIED TODAY

The Allied Supreme Council
Opens Deliberation on
Economics.

BELGIUM WANTS CASH

Insistence Upon Claim To
Be Obstacle to English
Outstanding Plan.

CANNES, France, Jan. 7.—Germany may be asked to send a representative for consultation with the allied supreme council on the subject of German reparations, a leading delegate at the council meeting announced this afternoon.

Meanwhile, it was learned today, the experts dealing with the subject of German reparations have agreed on a plan for part remission of cash payments by Germany for a period of years, involving the payments of 500,000,000 gold marks in cash and 1,000,000,000 gold marks in kind each year.

CANNES, France, Jan. 7.—The Allied supreme council plans to begin consideration of the question of German reparations today in an atmosphere somewhat cleared by yesterday's decision to get together with Russia and Germany in an international, financial and economic conference. The air of pessimism, noticeable immediately preceding the opening of the council, was largely dissipated by the successful results of the first day's session.

The Belgian delegation has announced that it will insist on Belgium's priority to 2,500,000,000 gold marks cash of the German reparations. This is regarded as an important obstacle to the British plan. The French are opposed to a moratorium for Germany, but the French are inclined to agree to a reduction in the cash payment, provided the difference is made up by delivery of reparations in kind.

The British stick to their proposed reduction of the total payments due this year from 2,500,000,000 gold marks on condition that material be delivered to the value of 3,000,000,000 gold marks.

At this rate it will take five years to pay off priority claims by the Belgians and France will have to wait that long before receiving any cash at all.

It is anticipated that the British delegation, in their satisfaction over the success of the scheme for an international economic conference with the Germans and Russians, will endeavor to find some compromise in regard to reparations that will satisfy both the French and Belgians.

League Council to Meet.

PARIS, Jan. 7.—The council of the league of nations will meet in Geneva January 10, as scheduled by the secretariate of the league, the Associated Press is informed, whether or not the allied supreme council has finished its work at Cannes.

The meeting will be presided over by Paul Hymans of Belgium. It again calls for a discussion of the nationality and population of Africa, Oceania and Pacific Islands under the B and C mandates, but mandates will not come up for discussion as a reply from the United States government to the query sent after the meeting of the last general assembly asking America's collaboration has not yet been received.

INSANITY GROWS WITH BAD TIMES IN N. Y. STATE

NEW YORK, Jan. 5.—More persons were sent to insane asylums in this state last year than in any previous year, according to report of state charities aid association to the state hospital commission yesterday.

At the end of 1921, patients in the thirteen state hospitals for the insane numbered 39,736, an increase of 1,445 over the number there a year ago and 6,642 more than the rated capacity of the hospitals.

Homier Folks, secretary of the state charities aid association, said he believed the number of persons who had gone insane from the use of alcohol during 1921 was fewer than normal, and that the increase was due to partly to economic conditions and partly to war casualties. Many soldiers who had apparently been suffering from shell shock developed nervous trouble during the year, he said, to such a degree that it was necessary to care for them in hospitals.

"Unemployment and distress due to economic conditions," he said, "add so much mental strain, pushing over the line of insanity many who had previously been close to the border."

ANXIETY REIGNS THAT PACT WILL MEET DISASTER

Acute Suspense in Ireland
Felt Since DeValera
Quit Presidency.

EIREANN IS WAVERING

Acceptance of Treaty Is
the Paramount Issue
Before Public.

DUBLIN, Jan. 7.—The Dail Eireann tonight voted for ratification of the treaty creating an Irish free state. The vote was 64 to 57.

DUBLIN, Jan. 7.—Acute suspense in activity over the chances for peace prevailed in Ireland today as the result of Eamonn de Valera's unexpected action yesterday in resigning as president of the Irish republic.

Few among the Irish people are willing to doubt the sincerity of his action, but the general regard for him does not prevent many expressions of regret at his course. In the view of the supporters of the peace treaty his action has seriously imperiled the chances for peace.

Anxiety is noticeable in some quarters lest the waverers in the Dail will not be drawn to Mr. de Valera's side, and the treaty defeated. That acceptance of the treaty is considered paramount, despite the general respect for Mr. de Valera, is shown by the comment in the morning newspapers, which appeal to the people over the president's head.

Would Reaffirm Independence.

DUBLIN, Jan. 7.—At the beginning of today's session of the Dail Eireann, Speaker John MacNeill read a motion prepared by himself calling upon the Dail to affirm the stand that Ireland is a sovereign state, deriving its authority from the will of the people. The motion would provide that all of Ireland's internal interests must be governed by this status.

It is expected the motion will be put through if the treaty is ratified.

Speaker MacNeill's ruling yesterday refusing to let the house be directed from the urgent business in hand assured, it was believed, a clear cut vote of the peace pact.

Eamonn de Valera's resignation as chief executive was postponed until the decision was taken, which was expected to be some time in the afternoon.

It is the consensus of opinion here that Mr. de Valera's dramatic speech tendering his resignation has left the situation regarding the vote on the treaty unchanged.

Vote to Come at 9 p. m.

DUBLIN, Jan. 7.—The party whips of the section of the Dail Eireann headed by Arthur Griffith in favor of the ratification of the Anglo-Irish treaty estimated at 5:20 o'clock this afternoon that out of 122 votes the supporters of the treaty would secure 63, or a majority of 4.

The Dail adjourned this afternoon at 7:30 o'clock. It is expected the vote on the treaty will be taken at 9 p. m.

Vote Thought Near.

DUBLIN, Jan. 7.—The Dail Eireann appeared to be within a few hours of a vote on the Anglo-Irish treaty when it convened this morning session today. Debates were to proceed during the afternoon, lasting until six or seven o'clock before a vote could be reached. The evening session was expected to bring forth an attack on the treaty by Charles Burgess, minister of defense, while Arthur Griffith was to close the debate with a general summing up and an appeal for approval of the pact.

Speeches by Harry Boland and Joseph C. McGrath, of Dublin, were features of the morning session, especially that of McGrath, who disclosed that Boland's last trip to the United States, according to Boland himself, was made on the initiative of Eamonn de Valera to acquaint the American sympathizers with the fact that it would be necessary to negotiate peace and to expect something short of a republic.

Recently, check artists have been getting fat pickings from these ignorant and unsuspecting foreigners by duplicating their signatures. Now, in addition to his other duties, the federal employee who attends the postal saving window must make a detailed study of the whorls and angles as displayed in the many finger-pictures recorded under his scrutiny.

Another change that has been made in postal saving regulations is the raising of the limit of individual deposits from \$3,000 to \$5,000 with an attendant increase in interest from two two three percent.

U. S. OBJECTS TO MEXICO'S TAKING GIRLS' ACADEMY

(By the Associated Press)

WASHINGTON, Jan. 7.—The state department has instructed the American ambassador at Mexico City to request from the Mexican government an explanation of the seizure by the municipality of Saltillo of property of the Foreign Mission Board of the Southern Baptist convention, concerning which protests have been made to the department by Senator Harris, of Georgia. The seizure included the property operated by the mission board as a girls' school.

Announcement of the department's action was made by Under Secretary of State Fletcher, in a letter to Senator Harris, in which Mr. Fletcher said that preliminary investigation by the American consul at Saltillo indicated that the municipality had declined to restore the property. The consul's report, likewise indicated, the letter said, that no reason of any kind was given by the local authorities for their action.

Mr. Fletcher suggested to the mission board, through Mr. Harris, that it resort at once to legal remedies in an attempt to recover the property.

MUSKOGEE—Mrs. A. C. Bond, now divorced from her husband who is said to be several thousand miles away on the Pacific coast, has named a new baby for her former spouse. The child's name is Attila Jean, the former name being in honor of Bond.

BRENTS GRABS UP "WHITE MULE" IN MUSKOGEE RAID

A new story on T. E. Brents, federal prohibition enforcement officer of this city, trickled out at the court house today.

It happened in Muskogee where Brents was waiting to testify before the U. S. grand jury. Bored with watchful waiting, the Ada man resolved to take a bit of exercise and do a little sleuthing on the side.

Wednesday night he sent out a deputy to see what he could find. The deputy ambled into a Muskogee drug store and planked down \$7 for a quart of pure grain alcohol, known in the parlance of the toper as "white mule."

This caused Brents to spring into action and the next morning he had a search warrant sworn out before United States Commissioner R. M. Mountcastle. The raid which followed netted a full gallop of "mule" and resulted in the arrest of Joe Magota, manager of the drug store.

Had No Permit. The institution had no permit to keep alcohol for medicinal purposes, Brents declared, and this will constitute a separate charge arising from the sale of the quart. Magota was arraigned before Commissioner Mountcastle, waived hearing, and was released on \$5,000 bond. The case will be presented to the federal grand jury.

The string of stores with which Magota was connected, will be charged also with violating the national prohibition acts.

One of the most interesting cases to come before the grand jury for attention is that of Lon Huhn, deposed Okmulgee county sheriff. Others around whom statewide interest centers as they face the U. S. grand jury are John M. Brendle, city marshal of McCurtain, charged with complicity in a postoffice robbery, and William "Mad" McLeister, charged with "padding" expense accounts while he was a U. S. commissioner. Fifty indictments are expected.

MECHANIC TELLS OF SHOOTING IN ALLEY AT AUSTIN

AUSTIN, Tex., Jan. 6.—M. A. Hudler, mechanic, first witness at the examining trial here today of Barney Blunt and Olney Childers, charged with assault to murder in connection with the shooting on the night of December 15 of Peeler Clayton, taxi-cab driver, near the Ku Klux Klan hall, said he witnessed the shooting and saw Police Detective E. L. Young, Patrolman J. L. McNeil, Federal Prohibition Agent Bassett Miles and W. E. Mayberry, custodian of Fort Mabry, in the alley where the shooting occurred.

The first shots were fired from the automobile occupied by Clayton, Blunt and Childers, he testified. The firing from the automobile was returned, he testified "presumably" by Young, McNeil, Miles and Mayberry, who are under charges of murder in connection with Clayton's death.

CHARGES SENATORS WERE DRIVEN TO BAR NEWBERRY

WASHINGTON, Jan. 7.—Charges that threats have been made by certain interested persons to coerce senators to vote against Senator Newberry of Michigan, were made today by Senator Townsend, of that state, in the course of an extended defense of his colleague in the senate.

Mrs. E. E. Watson and children, who have been visiting Mrs. Watson's parents, Mr. and Mrs. B. C. Wadlington of 412 East Twelfth street, and her brother, County Attorney Wayne Wadlington and family, for the past two weeks, left at noon today for their home in Columbus, Ohio.

CHICAGO POLICE HUNT BLACKHAND

2 Persons, Liquor Officer and Opera Star, Report Serious Threats.

(By the Associated Press)

CHICAGO, Jan. 7.—A police guard met United States Prohibition Commissioner Roy D. Haynes this morning on his arrival from Washington, as a result of threats of death made against him.

During his stay in Chicago, Mr. Haynes will be kept under a continual guard of police and special squad of prohibition agents. He will remain until Monday and will personally lead in a clean up of the city.

Mary Garden Threatened. Miss Garden last night notified Chief Fitzmaurice her life had been threatened "twice" and admitted receiving a box, which contained a revolver and some cartridges, which had been out in "dumb-dumb" bullets.

In the letter the writer said he had reserved three bullets for her and "hoped he would soon have the pleasure of seeing her body float down the Chicago river."

Liquor Habit Cured?

CHICAGO, Jan. 7.—Declaring that America was "slowly but surely being 'weaned' of the liquor habit," Federal Prohibition Director Roy A. Haynes, told secret service operatives here today his department was "going to kill the liquor at the root, and that slowly prohibition was coming into its own."

LOVELADY.

After enjoying the holidays every body has settled down to business again.

We are needing rain on our grain badly. Farming is stopping for want of rain. There will not be much cotton planted in Lovelady community on the account of weevils.

Rev. W. H. Nettles filled his regular appointment at Lovelady the first Sunday.

Miss Gladys Allen and Mr. Russell were married at the home of the brides parents last Wednesday.

Mrs. Russell is well liked by all the community. She is teaching Hanna, Okla., where she has made a good record. Mr. Russell is a well to do farmer at Hanna, Okla., and has a host of friends there. We wish them success and happiness.

Sunday school is doing well at Lovelady. Its new officers were elected for a new year.

There are large attendances at prayer meeting on Wednesday nights.

The Farmers Union will have a business session Thursday night. The union members seem to be well satisfied with the exchange now in operation on West Main, Ada. The purpose of the exchange is to put our produce to the consumer at a better advantage. It will handle all lines of farm produce.

REPARATIONS OF GERMANY TO BE STUDIED TODAY

The Allied Supreme Council Opens Deliberation on Economics.

BELGIUM WANTS CASH

Insistence Upon Claim To Be Obstacle to English Outstanding Plan.

CANNES, France, Jan. 7.—Germany may be asked to send a representative for consultation with the allied supreme council on the subject of German reparations, a leading delegate at the council meeting announced this afternoon.

Meanwhile, it was learned today, the experts dealing with the subject of German reparations have agreed on a plan for part remission of cash payments by Germany for a period of years, involving the payments of 500,000,000 gold marks in cash and 1,000,000,000 gold marks in kind each year.

CANNES, France, Jan. 7.—The Allied supreme council plans to begin consideration of the question of German reparations today in an atmosphere somewhat clouded by Russia's decision to get together with Russia and Germany in an international, financial and economic conference. The air of pessimism, noticeable immediately preceding the opening of the council, was largely dissipated by the successful results of the first day's session.

The Belgian delegation has announced that it will insist on Belgium's priority to 2,500,000,000 gold marks cash of the German reparations. This is regarded as an important obstacle to the British plan. The French are opposed to a moratorium for Germany, but the French are inclined to agree to a reduction in the cash payment, provided the difference is made up by delivery of reparations in kind.

The British stick to their proposed reduction of the total payments due this year from 2,500,000,000 gold marks on condition that material be delivered to the value of 3,000,000,000 gold marks.

At this rate it will take five years to pay off priority claims by the Belgians and France will have to wait that long before receiving any cash at all.

It is anticipated that the British delegation, in their satisfaction over the success of the scheme for an international economic conference with the Germans and Russians, will endeavor to find some compromise in regard to reparations, that will satisfy both the French and Belgians.

League Council to Meet.

PARIS, Jan. 7.—The council of the league of nations will meet in Geneva January 10, as scheduled by the secretariat of the league, the Associated Press is informed, whether or not the allied supreme council has finished its work at Cannes.

The meeting will be presided over by Paul Hymans of Belgium. It again calls for a discussion of the nationality and population of Africa, Oceania and Pacific Islands under the B and C mandates, but mandates will not come up for discussion as a reply from the United States government to the query sent after the meeting of the last general assembly asking America's collaboration has not yet been received.

INSANITY GROWS WITH BAD TIMES IN N. Y. STATE

NEW YORK, Jan. 5.—More persons were sent to insane asylums in this state last year than in any previous year, according to report of state charities aid association to the state hospital commission yesterday.

At the end of 1921, patients in the thirteen state hospitals for the insane numbered 39,736, an increase of 1,445 over the number there a year ago and 6,642 more than the rated capacity of the hospitals.

Homer Folks, secretary of the state charities aid association, said he believed the number of persons who had gone insane from the use of alcohol during 1921 was fewer than normal, and that the increase was due to partly to economic conditions and partly to war casualties. Many soldiers who had apparently been suffering from shell shock developed nervous trouble during the year, he said, to such a degree that it was necessary to care for them in hospitals.

"Unemployment and distress due to economic conditions," he said, "add so much mental strain, pushing over the line of insanity many who had, previously been close to the border."

ANXIETY REIGNS THAT PACT WILL MEET DISASTER

Acute Suspense in Ireland Felt Since DeValera Quit Presidency.

EIREANN IS WAVERING

Acceptance of Treaty Is the Paramount Issue Before Public.

DUBLIN, Jan. 7.—The Dail Eireann tonight voted for ratification of the treaty creating an Irish Free State. The vote was 64 to 57.

DUBLIN, Jan. 7.—Acute suspense in active over the chances for peace prevailed in Ireland today as the result of Eamonn de Valera's unexpected action yesterday in resigning as president of the Irish republic.

Few among the Irish people are willing to doubt the sincerity of his action, but the general regard for him does not prevent many expressions of regret at his course. In the view of the supporters of the peace treaty his action has seriously imperiled the chances for peace.

Anxiety is noticeable in some quarters lest the waverers in the Dail will not be drawn to Mr. de Valera's side, and the treaty defeated. That acceptance of the treaty is considered paramount, despite the general respect for Mr. de Valera, is shown by the comment in the morning newspapers, which appeal to the people over the president's head.

Would Reaffirm Independence. DUBLIN, Jan. 7.—At the beginning of today's session of the Dail Eireann, Speaker John MacNeill read a motion prepared by himself calling upon the Dail to affirm the stand that Ireland is a sovereign state, deriving its authority from the will of the people. The motion would provide that all of Ireland's internal interests must be governed by this status.

It is expected the motion will be put through if the treaty is ratified.

Speaker MacNeill's ruling yesterday refusing to let the house be directed from the urgent business in hand assured, it was believed a clear cut vote of the peace pact.

Eamonn de Valera's resignation as chief executive was postponed until the decision was taken, which was expected to be some time in the afternoon.

It is the consensus of opinion here that Mr. de Valera's dramatic speech tendering his resignation has left the situation regarding the vote on the treaty unchanged.

Vote to Come at 9 p. m.

DUBLIN, Jan. 7.—The party whips of the Dail Eireann headed by Arthur Griffith in favor of the ratification of the Anglo-Irish treaty estimated at 5:20 o'clock this afternoon that out of 122 votes the supporters of the treaty would secure 63, or a majority of 4.

The Dail adjourned this afternoon at 7:30 o'clock. It is expected the vote on the treaty will be taken at 9 p. m.

Vote Thought Near.

DUBLIN, Jan. 7.—The Dail Eireann appeared to be within a few hours of a vote on the Anglo-Irish treaty when it convened its morning session today. Debates was to proceed during the afternoon, lasting until six or seven o'clock before a vote could be reached. The evening session was expected to bring forth an attack on the treaty by Charles Burgess, minister of defense, while Arthur Griffith was to close the debate with a general summing up and an appeal for approval of the pact.

Speeches by Harry Boland and Joseph C. McGrath, of Dublin, were features of the morning session, especially that of McGrath, who disclosed that Boland's last trip to the United States, according to Boland himself, was made on the initiative of Eamonn de Valera to acquaint the American sympathizers with the fact that it would be necessary to negotiate peace and to expect something short of a republic.

BIBLE THOUGHT FOR TODAY
THE GOLDEN RULE.—Whatsoever ye would that men should do to you, do ye even so to them; for this is the law of the prophets.—Matt. 7:12.

MOTHER SWIMS.

The political and business activities of the modern woman have been the subject of much wonder and amaze, but it is her athletic activities which truly mark her off from a former generation.

The Y. W. C. A. in one of the larger cities installed a swimming pool recently. There is not one hour, daytime or evening, of the six week days, when that pool is not in use. Its patrons range in age from nimble school girls to women in their fifties and sixties.

Gray-haired women by the score are learning to swim and coming out of their middle-aged ethargy to new youthfulness of appearance and movement. The gymnasium classes held in the building present the same numbers, diversity of years and common enthusiasm.

Where now is the longfaced dud who used to sob that "woman's work is never done"? Dead, as he deserves to be. Modern household equipment, simplified cookery and a better understanding of what life is for have wrought a change. Woman's work is done, and woman is in the swimming pool, learning the Australian crawl.

LESS REVENUE.

There is a plain warning of governmental hardship to come in the treasury report of tax collections for the fiscal year ending June 30. There was a decrease of nearly \$800,000,000 in income and excess profits taxes. Inasmuch as the tax rate was the same as for the preceding year, the difference is attributable to industrial depression and diminished business and personal incomes. And inasmuch as the condition here shown hardly began to be effective until about the middle of the fiscal year—the beginning of the present calendar year—it may easily be guessed that the government will fare much worse in its collections for the twelve months ending with next June.

The new tax law is expected to make little decrease in taxes through lower rates. Poorer business will be a far bigger factor. Congress will very likely have from a half billion to a billion dollars less to spend. Is it too much to hope that Congress will now realize the seriousness of the country's financial plight, and refrain, in the winter session, from spending what is hasn't got to spend?

IN SOVIET MOSCOW.

The Soviet government, desperate for lack of funds, has authorized Russian municipalities in similar plight to levy their own revenue taxes. As a result Moscow has set about collecting them with a vengeance.

Here are some of the new taxes: Marriage applications, 15,000 rubles; divorce applications, 20,000; change of name, 100,000; application for Russian citizenship, 10,000; application for foreign citizenship, 100,000; permission to change residence, 1,000 rubles. A pre-war ruble was worth approximately 51 cents, so it is apparent that taxes are high under Soviet rule.

However, on the day when these new taxes were announced the official exchange rate on the ruble was 100,000 to the standard silver dollar of America. A man with a good five-dollar bill might do all the things listed, and still have the price of the day's meals, such as they are.

Liars will figure everywhere, but in Russia figures certainly exaggerate, if they don't lie.

The resignation of DeValera as head of the so-called Irish republic is very timely. England has offered Ireland all the substance of free government but DeValera demands the shadow as well. In fact, England has granted terms that Parnell and Redmond never dreamed of, but the radical element typified by DeValera makes the impossible demand for a recognition of Irish independence. It is a matter of either accepting the terms offered or a relapse into the state of guerilla warfare, assassinations and burnings that had prevailed in the unhappy isle for a year or two before the present treaty was submitted. Although no sane man could for a minute imagine that Ireland is capable of whipping the rest of the British empire, the radicals prefer the misery of a hopeless struggle to the prosperity that a real peace will bring about. Never a time in her tragic history did the Emerald Isle need a real leader as she does now.

"German flag flies in New York," says a newspaper headline. Nothing to be alarmed about, however, for it is only above the German consulate which has reopened since the ratification of the peace treaty. The kaiser had dreamed of seeing it fly above the capitol at Washington but that dreamed failed to materialize, thank to the boys who insisted that the Huns stop their march westward.

FEELING THE NATION'S PULSE IS COL. WM. BOYCE THOMPSON'S JOB

Never since governments were instituted among men has any national executive been so close to the hearts and minds of the people as President Harding and his advisers have been during the conference on the Limitation of Armament. What the American people are thinking of the conference and its actions is daily before the American delegates and the President. Never before in history has any government undertaken to interpret so promptly and thoroughly the public opinion of a nation. Never before has any government had its finger so systematically on the "pulse of the nation."

From the very beginning of the armament conference, President Harding was convinced that its great possibilities for world advancement lay in making it quickly and positively responsible to public opinion. And the President was determined to make it responsible. As a result an elaborate system of feeling out the sentiment of the country has been instituted and the views and feelings of the people carefully tabulated and interpreted and placed before the American delegates daily for their guidance.

In the past, many nations have striven to guide public opinion. Millions have been spent for "propaganda" to "educate" peoples to support government policies. Germany was a past master at this work. But never before has so broad and effective an effort been made to ascertain clearly and positively the untrammeled views of a people as reflected in their daily newspapers.

The delegates of the conference find before them at the same hour every day the editorial expressions of newspapers from Portland, Maine, to Los Angeles, and from Miami, Florida, to Seattle, and the finger of government which is kept hourly on the pulse of the nation is the Committee on General Information of the Advisory Committee to the American delegates to the conference, headed by Colonel William Boyce Thompson. Colonel Thompson has for years been recognized as an accurate and thorough interpreter of public opinion. He is a director of the Federal Reserve Bank of New York and during the war was chairman of the American Red Cross Mission to Russia. He was a great admirer of the late Colonel Theodore Roosevelt and is president of the Roosevelt Memorial Association.

When President Harding's desire to keep the armament delegates in constant touch with nationwide public opinion was explained to Colonel Thompson he proceeded to devise a system that would meet the need. He not only arranged to have available at once all of the daily newspapers within reach of the capital, but he arranged to have the distant newspapers telegraph daily the gist of their news despatches and editorial comment on the proceedings of the conference. All of this material is carefully tabulated and summarized and by 11 o'clock every morning a four or five page typewritten report of the day's news and editorial comment is on the desk of every delegate.

The news and editorial summary begins with the views of the newspapers of Washington and spreads out until it covers all sections of the country. Recently, under the direction of Colonel Thompson, the committee prepared an analysis of the petitions, memorials and resolutions received by the President, the armament conference delegates and other government officials relating to the conference. It set forth the views of 6,535,140 persons.

ject, having ascertained that the climb is possible of achievement. It now remains for the society to find men who can, when exhausted by increasing rarefaction of atmosphere, stand the blizzards and extreme cold which they will encounter during the later stages of the climb. Mount Everest is 29,002 feet high. It was announced at a next year. The present expedition, commanded by Colonel Howard Bury, has accomplished its real ob-

meeting of the society in London that in reorganizing the expedition for its final object, a new leader would have to be found, as Colonel Bury had already been absent two seasons. It was then that the invitation was extended to General Bruce, who, in addition to being one of the greatest living authorities on the Himalayas in the region of which he has spent twenty years, is peculiarly fitted for the hazardous task by virtue of his remarkable physique. Six men were wanted for the climbing party in addition to the chief, General Bruce is the man whom nearly all British mountaineers mentioned first as a likely leader of the expedition. He knows more of the Himalayas than any other climber. As an officer of the Indian army, he has always spent his leave in climbing there. He has also climbed a good deal in Alps, and is an old-time member of the Alpine club. General Bruce is described as being a trifle over the ideal age for the job, but he is extraordinarily strong and well preserved, and always fit. Among European mountaineers he is uncommonly popular for his geniality, sportsmanship and willingness to put his experience at the service of anyone who can make use of it.

SUSPECTS TO GO ON STAND TODAY IN PROSECUTION

(By the Associated Press)

OKMULGEE, Jan. 6. — Calvin Shipman, serving a life sentence at the state penitentiary at McAlester on a charge of first degree murder resulting from the killing of Special Okmulgee Officer Robert Burden, and Roy Massengale, awaiting trial on a similar charge, are expected to take the stand today to testify for the state in the trial of Cy Dennison, charged with murder and who is alleged to have planned the robbery of J. Ray Harrison which led to the killing of Burden. Mrs. Calvin Shipman was the last witness heard yesterday. "You are both dirty cowards if you don't carry through this deal," Mrs. Shipman said she heard Dennison tell her husband and Massengale. At the robbery and killing, she testified, her husband told her that Dennison's words were in reference to the plan to rob Harrison. Mrs. Shipman was subjected to a severe cross examination by attorneys for the defense, but made no material changes in the story.

Witness Arrested On Perjury Charge In Pistol Hearing

Edgar Caudle, testifying for the defense in county court yesterday in the case of the state vs. Lester Bloomenkemper, charged on two counts with pointing a pistol, was ordered arrested by County Attorney Wayne Wallington on a charge of perjury.

Caudle was taken into custody by Sheriff Bob Duncan but was released on his own recognizance by District Judge J. W. Bolen following the filing of a habeas corpus case in which it was alleged that Caudle's testimony was true and that it was "immaterial in the case." The habeas corpus petition was signed by J. E. Caudle.

Testimony was nearing a close in the Bloomenkemper case when an alleged conflict arose between the story as related by states witnesses and defense witnesses arose.

TULSA GRIDIRON MEN WILL USE NEW GROUND

TULSA, Jan. 7.—Football games between the University of Tulsa and other schools which are played here in the future will be staged at the university athletic field east of the city instead of at McNulty park as in the past, according to an announcement by university athletic authorities. The ball park is centrally located while the university field is two miles from the business district. Laying of, pavement to the university field and the installation of street car service, were given as the reason for taking games there.

"BEST-DRESSED WOMAN IN U. S." WILL DANCE AGAIN FOR THE PUBLIC

Irene Castle Treman in two of her newest creations.

Dance lovers will be glad to hear that Irene Castle Treman, held by some authorities to be the best dressed woman in the United States, is about to return to vaudeville after four years' retirement. She asserts that she will wage a war against the modern wiggles, shimmys and other graceful dances. Mrs. Treman and her husband recently spent some time in New York, where the former chose new costumes for her intended tour and dazzled Broadway with her street wardrobe. She is shown here in two of her new creations. At the left is a brilliant Japanese kimono of jade green brocade piped with citron satin and faced with chiffon. At the right she is wearing a quaint costume of old fashioned design made of rose silk with a cream lace coat and a blue chiffon bonnet.

COLLEGE NOTES

Five new students were enrolled in the Teachers College this week. The present term will expire within two weeks.

Miss Edith, now a teacher in the High public school, recently withdrew from the college to accept that position. She was a member of the senior class.

Arthur Vernon, who has been teaching at Ravid, is one of the new students recently enrolled. Mr. Vernon has attended the college several terms and is well known athletically and in the class room.

Tony Robrecht, who has been attending the Christian college at Cordell, Okla., is a new student in the college here, enrolling this week.

Miss Montgomery, who has been unable to look after her school duties for a month on account of illness, is again in charge of the third and fourth grades.

Miss Lois Gable, who accepted a position with the Okmulgee schools, is making good, according to a letter received by Dr. A. Linscheid, president of the Teachers college here. The letter was from the superintendent of schools of Okmulgee, congratulating the Ada institution on turning out that type of teachers.

Frank Osbomer of Jandale, N. M., has enrolled in the college and will attend the spring term, beginning January 16. At present he is reviewing and making preparations for work.

Miss Mary Beth Donoho of Holdenville will be among the new students next term. She enrolled in the school this week.

Dr. Linscheid predicts that between 50 and 75 new students will be enrolled in the Teachers college here for the spring term, and that few of those now attending the school will withdraw. This will put the enrollment to a still larger point than it has even been.

The Teachers college has received a certificate from the war department congratulating the institution on the part played in the recent war. It was signed by the assistant secretary of war.

Prof. H. R. Robinson has been in Kansas City during the past week attending a conference on vocational education. He will visit the Kansas State Normal school located at Pittsburg, Emporia and Warrensburg.

Mrs. Ruth S. Carter, Registrar, announces that she is now an aunt, stating that she has received word of the birth of a daughter, Mary Earl, to her brother, E. E. Sowers, and wife of Denison, Texas.

Miss Julia Nicholson, formerly of Oklahoma City, is in the city and will take up expression at the Teachers college with the beginning of the new term.

FAIRVIEW—Extension of time for paying taxes in Major county was allowed by county commissioners here this week. Taxes will not become delinquent under the new ruling until February 1.

19 PLEAD GUILTY FIVE CONVICTED IN WEEK'S TIME

John Mayo, negro, was found guilty in the county court yesterday on a liquor charge and sentenced to 30 days in the county jail with an attendant fine of \$50. The verdict was returned after attorneys for Mayo had made a bitter fight to show that the liquids, alleged to have been found in Mayo's possession, were not intoxicating.

Mayo was arrested in a raid in Dark Town, conducted by county officers several weeks ago.

County court, although it had been in session only five days up to this morning has set an unusual record for cases disposed of, officers declared early Saturday. Nineteen pleas of guilty have been recorded to date, five convictions have been returned, and two defendants have been found not guilty. The court will make as much headway as possible this week on the criminal docket, which is burdened with liquor charges, and Monday will begin on a lengthy civil docket.

January 12 is the date that has been set for opening the city appeal docket, composed of 38 cases. Then on January 16, County Judge Tal Crawford will start the tribunal working on a motion and demurrer docket, made up of 124 cases held over from the October session of the court. This docket was posted today.

Included in the pleas of guilty was one of the most unique cases listed in the county court recently, that being one in which the State Highway Department charged the Mann Construction company with violating the state labor law by working employees more than eight hours. The fine in this case was \$50 and cost.

Four boys pleaded guilty to malicious mischief and five men to gambling. About twenty cases were transferred to Roff and Allen courts, according to County Attorney Wayne Wadlington. Fifteen defendants forfeited bonds. Only 10 or 12 cases were continued. Court ended its session this afternoon on the criminal docket with the sentencing by County Judge Tal Crawford of persons who pleaded guilty or were convicted.

IN SOCIETY

Guild Watch Party.

Mrs. B. M. Bobbitt entertained the Lena Boyd Guild with a watch party at her home on South Reno on Saturday night December 31. Every year since the organization of the Guild it has celebrated the coming of the new year with a watch party at the home of Mrs. Bobbitt. This year's party was one of the most successful social events of the season.

The house was artistically decorated with ferns, potted plants and mistletoe. Guests arrived at 9:30 and spent the evening playing progressive games. The evening's program was well planned with one pleasant surprise after another until Old Father Time ushered in the new year much too soon.

As the whistles blew and bells rang, singing out the old year and bringing in the new year the young people gathered on the spacious porch to see the wonderful display of fireworks which had been prepared by Mr. Bobbitt.

Mrs. Bobbitt, assisted by Mrs. Harry Hamilton served a two-course luncheon to the following guests: Misses Oleta Montgomery, Grace Mooney, Mozella Sloan, Eddie Mae Horn, Laverne Laster, Jeanette Bobbitt, Clara Rayburn, and Mollie Russell. Messrs Harvey Faust, Manson Hawkins, Clarence Morrison, Charlie Gregg, Jesse Carr, Guy Meaders, Ed Reed, George Bowman and Don Evans, Mr. and Mrs. Hamilton.

UNCLE SAM AS EMPLOYER

The United States government is the largest single employer of men and women in this country. At the present time in the executive civil service of the Federal government, and exclusive of the army and navy, there are employed approximately 650,000 workers, or one in 73 of all residents on American soil, ten-years of age or over, engaged in gainful occupations. A little while ago, when the number of federal employees was even larger than it is now, one person out of every 68 in the United States who had any sort of a job at all was working for the government. These calculations are based on recent estimates of the bureau of the census in anticipation of the results of the fourteenth general census. Prior to the outbreak of the war, in 1914, the number of men and women in civil positions in the executive service was approximately 385,880. In 1916 it had grown to 398,832. In 1917, after our entry into the war, it was 459,798. On June 30, 1919, the number was 707,448. The number on July 31, 1920, was 691,116.

These figures are confessedly approximations. Since the signing of the armistice the number of federal employees has been decreasing. Undoubtedly the decrease in force will continue to be made for months to come, but the growth of the government business in the past few years has been such as to make it a larger employer in the post-war period than it had ever been in the pre-war period.

These thousands of men and women working for the government comprise every type of ability and intelligence. Their duties cover a range of activities that far exceeds that exercised for other public or private employers; for, besides its task of lawmaking and law enforcing, of national defense and national finance, the government is charged with promoting the health and welfare of its people, of promoting their home interests, their agricultural, mining, manufacturing, shipping, fishing and transportation interests.

To do this it must investigate, control and eradicate diseases that attack persons, plants and animals. It must inspect livestock, foods and drugs. It must study conditions and progress in education, labor and commerce. It must prevent individual men or groups of men from using unfair business methods, whether in banking, transportation, trade or manufacture.

The government must administer public lands and the affairs of the Indians, and educate children in Alaska. It grants patents of invention, it sets the clocks of the country, forecasts the weather, and makes observations of the stars and heavenly bodies. It constructs buildings, docks, roads, bridges, irrigation works, builds canals and aeroplanes, makes ordinance and ammunition, clothing and other supplies for its soldiers and sailors. It makes all its own money and does all its own printing. It distributes all mail and many packages.

The government does everything that any employer in the United States does, in addition to a great many things that no other employer does. How does it treat its people? Is it a good employer or a bad employer? Are its employees contented? These are questions that I should advise the railroad men, the miners and other workers who seek nationalization of industry, to look into before they commit themselves.

Let them find out for themselves what government ownership would mean to them.

The first thing they will discover, as I discovered when I began the present inquiry, is that nobody knows, and nobody in the government service is charged with knowing, the exact number of employees in the service from day to day. Even more astounding, nobody knows, or is charged with knowing, even approximately, the sum of the payroll of the United States.

It is not possible to find out within hundreds of thousands of dollars how much the United States pays yearly or monthly in salaries and wages. I went to the Treasury department, to the appropriations committee of congress, and elsewhere where I thought the information might be lodged, but nobody knew. I was told vaguely that the government was not run on an asset and liability basis, and therefore it was not necessary to know the exact number of employees on the payroll.

If the average compensation is \$1,100, the federal civil service payroll now amounts to more than seven hundred million dollars annually. The largest single branch is the Post Office department, with nearly 300,000 employees. The War Department has more than 125,000 civilian employees, the Navy department about 80,000, and the Treasury department about 60,000. No other branch has as many as 25,000 employees. Any institution that employs one in seventy-three of all this country's workers and calls for the expenditure of such a large part of our annual revenues is entitled to your serious consideration. You and you alone put-up the money.

CHARLEY DEEVER IN RACE FOR COMMISSIONER

Charley Deever, one of the best known young men of the city is announcing his candidacy for the office of Commissioner of Accounting and Finance. He is young, energetic, worthy, capable and will make a good official, if nominated and elected, his friends say. In discussing the office this morning, Mr. Deever said:

"In announcing myself as a candidate for the office of Commissioner of Accounting and Finance for the City of Ada I hardly deem it necessary to go into details of my competency to fill this office. I have been engaged in clerical work of this nature for the past ten years or more and during that time I believe I can run this office without any additional expense to the tax payers for an assistant. Of course I am not perfect, as all humankind are more or less infallible, but on the other hand if I am elected to this office of responsibility I shall use my best judgment in all matters wherein the City of Ada is concerned and see to it that the citizens of Ada get an honest, just and equitable treatment in connection with purchases and the expenditure of all funds.

"The citizens of this city are fast coming to the place in the affairs of municipal government that they earnestly desire and justly so, all efforts on the part of the Commissioners to cut the expenses of city government down to the lowest figure possible.

"I believe that the City of Ada, should employ the very best and most efficient men in all the branches of city government, to the end that the City of Ada, will be efficiently represented in all transactions of any importance regarding the betterment and uplift of this city, and I wish to call attention to the fact that there are several things that need to be done, all for the good and benefit of each citizen of this city, and I am sure that you will agree with me along this line.

"I trust that it will be my pleasure to serve the City of Ada, in the capacity of Commissioner of Accounting and Finance, and assure the citizens that I shall always be found on duty taking care of their needs in connection with this office."

Ada Defeats Weleetka 38-12 In Opening Game of Season

Local Squad Repeats Its Gridiron Punch and Wins Easily From First Foes

Potts and Cunning Make Complete New Lineup of Old Stars.

With almost a complete veteran lineup, following two weeks of stiff and continued training, Coach Cox, mentor of the high school basketball squad, last night watched his men trample the hopes of Weleetka high school by defeating the visitors in the high school gym 38 to 12. The visitors were good sports and fought through the game, having the disadvantage of playing on a strange court. Team work, goal shooting and ability of the home team proved superior.

With Potts at center and Cuning, a new man for the guard at guard, Cox had a formidable lineup. He will in all probability, use this same lineup in other games to be played in the near future. The game last night was the opening one of the high school schedule, but was not a conference game. It was also the first game to be won this season by the local high school from an out of town team.

Rayburn in Shape. Rayburn at forward for the first time was in shape and took advantage of the opportunities given him to shoot from the field. Potts was also in the game and got a good return from his efforts. Cuning, although having been out for basketball only one week, was his usual self in an athletic line and played his position at guard like a veteran. Wilsey, although not making much of a showing in scoring, darted around the court like an arrow, "feeding" the ball to Potts and Rayburn with accuracy, and making it impossible for them to score. His speed made it possible for him to pounce on the ball and be gone before an opponent could grasp the meaning of his action.

Cox Now Satisfied. Coach Cox was well pleased with his men, stating that he was satisfied with the time devoted to goal practice. It was all his men lacked. The visitors were fast and fought hard, getting as many chances at goals as did Cox's men.

The Lineup. Ada (38) Pos. Weleetka (12) Wilsey F. Rasberry Rayburn F. Fleming Potts C. Jones Cuning G. King Molloy G. Cunningham Sub: Weleetka, Herring for Fleming, Helser for Jones, Ada, Gregg for Potts, Potts for Molloy.

Summary: Field goals, Rayburn 6, Potts 6, Gregg 1, Cuning 1, Molloy 1, Jones 3, Fleming 1, King 1, Rasberry 1; free goals, Wilsey 4, Rayburn 4. Personal fouls, Weleetka 12, Ada 10; technical fouls, Ada 3. Weleetka 3, Smith of Cement Plant referee. This was his first game as referee, and both coaches stated today that he was as good as could be asked. Smith called the game well, although inexperienced, they declared today. Both teams were pleased with the game, according to the coaches. Hamilton was the coach of the visiting team.

FRANCIS DOWNS WETUMKA SQUAD

Pontotoc County Team Is Easy Victor in 22-16 Contest Friday.

FRANCIS, Okla., Jan. 7.—Wetumka high school proved inferior to the Francis high school boys basketball team here last night and was defeated by the local squad by a score of 22 to 16. The game was interesting and enthusiasm ran high for the entire period of the contest. The Francis men have a long string of victories to their credit. The Wetumka men were in good shape and played teamwork well, but the goal shooting of the Francis men was too much for the visitors. Heavy guarding by both sides kept the score down and at no time did either team have a decided lead. Steady playing of the home team, however proved to their aid in winning and they took advantage of the loafing periods of the visitors. The line-up: Francis Pos. Wetumka Wilkingsham F. London Sampson F. Nichols Rose C. Lucas Patterson G. Blakely Anderson G. Thompson Sub: Wetumka, Maston for Lucas, Lowder for Thompson; Francis, Norman for Rose, Coach Green accompanied the Wetumka boys. Coach Newcomb had charge of the home team.

Swimming Record Lowered. MIDDLESBOROUGH, Eng., Jan. 6.—The world's swimming record of 5 minutes 55 4-5 seconds for 500 meters held by Norman Ross, U. S. A., was lowered here recently by J. G. Hatfield, the holder of several British championships, who covered the distance in 5 minutes 51.2-5. Hatfield was timed by officials of the Amateur Swimming association, and the effort was made in public.

SOONERS START 1922 BASKETING SEASON TONIGHT

(By the Associated Press) NORMAN, Jan. 7.—Coach Hugh McDermott's "sonnet" cagers are to begin their 1922 schedule here tonight when they mix with Grinnell. The Oklahoma boys returned from their Christmas vacation December 30, in order that they might get some additional training before the opening of the conference season and Coach McDermott believes his charges will make a good showing against the Iowans.

A slight revision in the Sooner's basketball schedule for the season has been announced by Ben G. Owen athletic director. These are games to be played with the Oklahoma Aggies, at Stillwater January 23 and at Norman March 1. A game was also arranged for February 11 with Kansas at Lawrence. The revised schedule includes sixteen conference games and two with the Oklahoma Aggies.

Owen originally planned to play two games at home and two abroad with the Kansas Aggies thereby playing his entire schedule within the conference, but the Kansas Aggies extra games were dropped in favor of the Oklahoma Aggies for a home and home arrangement. The Aggies are the strongest athletic opponents within the state, Owen indicated, and for this reason did not want to lose connections with them.

5000 French Women Replacing Men Now In Sporting Circles

(By the Associated Press) PARIS, Jan. 9.—Five thousand women of France, between the age of 15 and 30, are taking part in athletics, in which men have figured mainly in the past. One hundred yards in 11 4-5 seconds, 1,000 meters in 3 m. 17 4-5 sec., stand as a joint British and French feminine record, Miss Lines of England, and Mademoiselle Bieard of France, covering the respective distances in 11 4-5 and 3 m. 17 4-5 seconds.

In 1909, the "Forward" feminine section of the French Sporting Federation was founded. Sixty-two members formed the original club. It now numbers 1,500. Mademoiselle Therese Brule of the latter club, went over the 110 meters (10) hurdles in 17 1-5 sec., just two and one-fifth seconds slower than the world's record held by Earl Thompson of Dartmouth.

Bo McMillin Winds Up Stellar Record In Ft. Worth Game

(By the Associated Press) FORT WORTH, Jan. 8.—Bo McMillin's Kentucky All Stars wound up the season by defeating the Fort Worth All Stars, 7 to 0, in a bitterly contested game at Panther Park Friday afternoon, in which police several times had to go on the field to prevent personal encounters between opposing players.

Cecil Griggs, formerly of the Wichita Falls team and the Canton Bulldogs, fullback for the Kentuckians, carried over the ball in the winning play, which came in the third quarter in a spectacular manner. McMillin personally starred all over the field, and the fans who came to see him make his final bow to the football world were not disappointed, even though he failed to carry the ball over the goal line himself.

Boy Scout Band To Give Two Concerts Sunday Afternoon

Ada High School Boy Scout band will render two concerts Sunday afternoon, one at Home school and another at Oakman, according to an announcement this afternoon by Scout Executive Harry W. Miller. Those who have volunteered cars to transport the band boys should report to scout headquarters promptly at 1:30 Sunday afternoon. The girls glee club of Ada high school, under the direction of Miss Inez Donaldson, will give a sacred concert Sunday afternoon at 2:30 at Latta consolidated school. The Latta school truck will meet the girls at the high school building at 1:30. Rev. J. H. Ball, pastor of the local Methodist church will accompany the club for a short talk. Judge Orel Busby, president of the local Scout Council under the auspices of which the concert will be given, is to preside. Mr. and Mrs. C. C. Ballard of the Methodist church will sing.

(By the Associated Press) WASHINGTON, Jan. 7.—Secretary of War Weeks, after a short conference today with C. C. Tinkler of San Francisco, whose construction company has submitted an offer for the Muscle Shoals, Ala., Nitrate and Power project, stating that the bid by Henry Ford, "was the only comprehensible proposal before him, which included the construction of the power plant and the manufacture of fertilizer."

That Zack Wheat, Brooklyn outfielder, is to be traded to the Reds in a deal which will bring Catcher Mike Gonzales, late of the Giants, to the Dodgers, is the rumor now. While Garry Hermann swears he will not trade the sulking Eddie Roush, a deal to take Roush from the Reds is possible. Larry Kopf and Garry Neale are two other members of the Reds looked to go soon.

Knockout King of France Will Meet Ledoux This Month

PARIS, Jan. 7.—One of the most important ring battles staged here in a decade is set for Jan. 9, when Eugene Criqui "the Knockout King" meets Charlie Ledoux in a 20-round encounter for the batonweight championship of Europe, now held by Ledoux. Should Charlie Ledoux be returned the winner he will journey to America where he has signed up to meet Joe Lynch, Joe Burman, Pete Herman and Johnny Buff. If Criqui wins the fight, Ledoux plans to retire immediately.

The purse is the largest ever offered for a pugilistic encounter in France, being 300,000 francs, which will be divided 70 percent to the winner, 30 to the loser. When Jack Johnson met Frank Moran here in 1914, the stakes amounted to 200,000 francs, which has not yet been paid owing to legal entanglements.

Prohibition Men Swoop Down Upon Town in Wisconsin

OSHKOSH, Wis., Jan. 7.—A flying squad of prohibition agents, acting on secret orders, swooped down upon Oshkosh last night by train and made 20 raids similar to those carried out in Wyoming recently and announced from the Washington prohibition office. In several places the officers had to push their way in, but generally there was no resistance and the proprietors were completely surprised. All were arrested and ordered to report to the district attorney today.

Two New Records Set Up In City Caging League By Teams Friday Night

NEW MEN DEFEAT OLD OXFORD TEAM IN ANNUAL GAME

(By the Associated Press) OXFORD, Jan. 7.—The "new men" beat the "old men" by a score of six to nothing recently in the annual intercollegiate football game played by Americans in Oxford University. The University Parks field is rough and turf-covered very unlike a good gridiron. The boys appeared in track suits and sweaters since no football togs were to be had in Oxford.

But the 250 rooters and the shouts of "go get 'em" and "hold 'em" and the familiar line plunges and forward passes made up for the lack of football atmosphere as regarded spectators. As usual the English spectators were astounded at the referee's cheerfulness when he remarked casually to some of the players who were grumbling a little, "you lose five yards if you keep on crabbing." F. W. Layman, Wyoming and Wadham, fullback for the new men, was the star of the game. He made the touchdown in the second quarter breaking loose around right end for a 40-yard run. W. C. Frierson, Tennessee and Wam, quarterback for the new men, showed good generalship, while W. L. Holliman, Oklahoma and Merton, made many gains through the line. L. M. Jiggitts, Mississippi and St. John's and C. L. Mock, Ohio and Hertford, did brilliant running and tackling for the old men. The made several successful forward passes.

News and Battery Stage a Tie Game; Teachers Bury Opponents.

Two new records were established in city basketball league playing in the Teachers College gym Friday night. The Ada News and Battery F teams staged the first tie game of the league season, a battle which in many respects was the most thrilling of the season. The Teachers College established a league high-score record by downing the Business College 57 to 13. An extra five minutes of play to break the tie in the News-Battery game left the Battery victor.

The pedagogs had a walk-away with the "Business College," scoring almost at will. It was not until the last quarter that the "Business College" began fighting and ran up the majority of their 13 points. Many excellent plays were pulled by the teachers, who, matched against a team far their inferior, could get by with almost anything in the line of straight basketball. The game was not interesting. Thompson's men devoted most of the game to running signals; which almost always proved successful. Goal shooting was for the most part from a point near the basket. Few spectacular plays were made by either team.

A different tale is to be told of the Battery-News game. The News men triumphed over the Battery in their first game played together by a score of 11 to 9. Last night's game was a dogged fight by both sides, the News men trying to repeat and the Battery determined to continue their march to victory.

It was in the last of the first half and the beginning of the last that the penpushers did their best work. The Battery took the lead, lost it and later took it again, only to be tied at the final whistle. Jobs proved the man of the hour when he tossed the necessary goal in the extra five minutes play, winning for his squad by one point.

Thrill Is Abundant. At no time was the thrill lacking. Both teams fought hard and fast. The News Force had more material out last night than ever before and the men were in good form. Battery F, which has presented the most formidable team outside of the teachers, was hampered by the loss of Payne, who although playing part of the game, is suffering from a broken hand. Coach Wilenzick made his greatest mistake of the season in starting his line-up as he did and his men failed to get into the game until he changed it into the usual line. At the same time, the News men who suffered a relapse last Monday night and let the Business College trample on them, showed great form and surprised fans by their stellar playing.

Bentley played well at forward, getting five field goals, which is one of the best records established in a game as hotly contested as the game last night. HOWDY DO! Next time you get to talking about the Yankees and their chances for repeating in the American league race in the 1922 campaign give a thought to the possibility of Mr. Lefty O'Doul having some part in their attempt.

Discussion of the Yankees' pitching strength has centered around Sam Jones and Joe Bush since those luminaries were acquired from the Red Sox by trade a short time ago. But Yankee fans believe that O'Doul may string along with that pair as a regular and important member of the hurling staff.

Lefty has been recalled from the San Francisco Pacific Coast league club for a trial next spring. O'Doul was obtained by the Yankees after the 1918 campaign via the draft route.

Lefty showed the Yank owners the next spring that he had a wonderful arm, plenty of speed and ability as a batter. But he lacked control. Miller Huggins worked hours with him that year, but failed to tame him. The following season the Yank manager tried to make an outfielder out of him. This idea fizzled, too, and both O'Doul and Huggins were discouraged over Lefty's chances. So last year he went back to Frisco.

All he did as a hurler for the Frisco club owners was to win twenty-five and lose nine games—a .735 average. He allowed an average of 2.39 runs a game in forty-seven games, a total of 312 innings.

He still showed his wildness, however. He issued ninety-two bases on balls. Undoubtedly a small number of those were intentional ones on orders. But when he was finding the plate the batters were having their troubles, which is indicated by the fact that he fanned ninety-seven men.

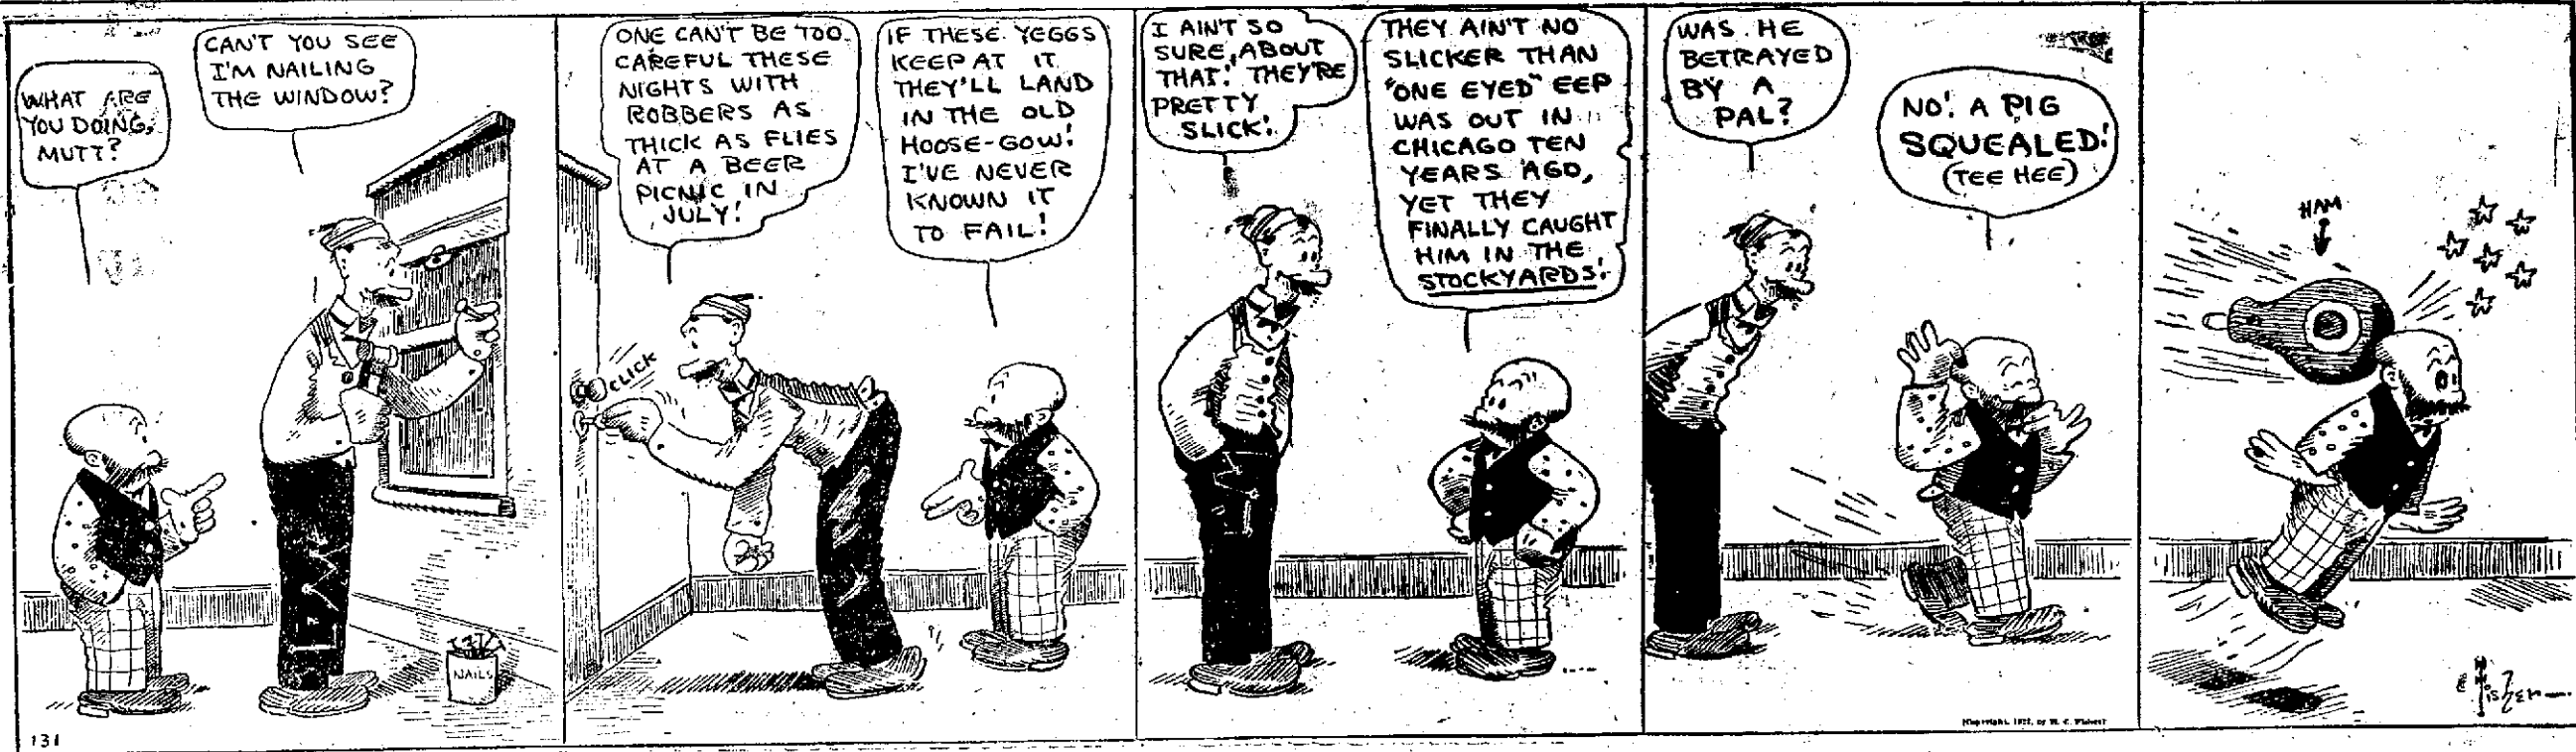

He showed clearly that he is the slugging type of pitcher, by slaming the ball at a .338 clip.

In The Oil Fields

Estimated production of the fields of the Mid-Continent at the close of the past week was as follows: North Louisiana, 79,000 barrels; Arkansas, 43,600 barrels; North Texas, 138,350 barrels; Mexico, 157,000 barrels; Kansas, 85,500 barrels; Oklahoma, outside of Cushing, Shamrock, Burbank, Hewitt and Healdton 212,000 barrels; Cushing and Shamrock, 25,000 barrels; Healdton 22,000 barrels; Hewitt, 34,500 barrels; Burbank, 32,500 barrels; total, 829,450 barrels, a gain of 38,460 barrels, in comparison with the preceding week. The estimated daily production of heavy gravity oil in the Gulf Coast field was 93,120 barrels.—Oil & Gas Journal.

Church News

First Baptist Church.
Our Sunday school meets at 9:45 with Mr. J. A. Ridling as general superintendent. Our report for last year shows that he had a total attendance of 23,688 which is nearly three times the population of Ada. We had an average attendance for the year of 478. Our total Sunday school collections amounted to \$1261.29. We are greatly encouraged over this report. We are exceedingly anxious to make this next year even better than the last. Let's go above five hundred tomorrow again. We hope to see every member of the Sunday school present.

The Men's Bible Class will meet at the McSwain theatre at 9:30 with Dr. Laird presiding and Mr. Ellison teaching the class. It will be our joy to have every man who is not already attending Sunday school to be with us.

The pastor will preach the eleventh sermon in the series on Baptist Beliefs at the eleven o'clock hour when the subject will be, "The Form of Government of a New Testament Church." We are hoping to have the usual splendid congregation present.

The Junior B. Y. P. U. will meet at 6:15. We have succeeded in getting Mr. and Mrs. O. F. Davidson to take charge of the little folks and we believe they will handle this organization in a fine way.

The Intermediate B. Y. P. U. will meet at 6:15 with Mr. and Mrs. Tom Fullerton in charge.

The Blue and Gold B. Y. P. U. will meet at 6:15. Mr. and Mrs. N. W. Pitts will meet with them. Miss Alene Thomas is president.

Senior B. Y. P. U. No. 1, will meet at 6:15. Mr. Bernard Howard is president.

The pastor will preach an evangelistic sermon at the evening hour and a call will be made for decisions to Christ. We had 204 additions to the church during the year 1921 and more than half of these were by baptism. Our hearts have been made to rejoice time and again because we have seen so many people being saved. That is our supreme business.

At the close of the service Sunday evening we will administer the ordinance of baptism.

CLYDE CALHOUN MORRIS, Pastor.

Christian Church.

Oak Ave. Baptist Church.
Last Sunday was a great day at Oak Avenue church. All services were well attended and great interest manifested. At the close of the morning service a great number of people made new resolutions, and reconverted themselves to the Lord for more faithful and better service. We are looking for another great day next Sunday. Let all the members be faithful. Everybody is invited. We especially urge the young people to attend the morning service. Theme for morning service will be "A Determinate Decision." Evening theme, "Sin and Grace." J. H. PAGE, Pastor.

Weigh Milk and Test It.
"Every owner of dairy cows should know if his cows are giving enough milk or butterfat to make a profit over the cost of feed," says A. C. Baer, professor of dairying at Oklahoma A. and M. College. "A scale to weigh the milk in the barn can be bought for \$4. It takes only a few minutes a day extra time to weigh the milk from each cow and write the weight on a milk sheet tacked up in the barn. Once a month a sample of milk can be tested. Any creamery, ice cream factory, or cream station will usually be glad to do this testing. Every school house can be equipped with a tester at very little expense, and the boys at school can do the testing."

"A profitable cow should produce 6,000 pounds of milk or 200 pounds of butterfat in 300 days. Are your cows all profitable? Why not find out? Is milking dairy cows a business proposition with you? If so, why not apply business methods?"

Peach Tree Borers.
"You may think that because your peach tree looks vigorous, there are no borers in the trunk near and just below the surface of the soil," warn D. C. Mooring, extension horticulturist at Oklahoma A. and M. College. "Now is a good time to examine your trees and if borers are present as most likely they are remove them. Dig the soil away thus leaving a cavity around the base of the tree, for as a rule there will be an exudation of gum (jelly) from the trunk which will indicate the presence of borers. In most cases you can cut them out with a heavy sharp knife by following their tunnel. Because you do not find them at first, do not give up and conclude that they are not there. Where they have bored deeply into the wood a flexible wire may be used to gouge and kill them as indicated by bug juice on the end of the wire. Leave the cavity around the trees during the winter."

Why Not Moist Mash?
Poultry raisers and experts have had it back and forth for years concerning the merits and demerits of dry and wet mash as a feed for growing chickens. Just at the present time it seems that "the dries have it," for poultrymen generally—despite a few exceptions—hold up their hands in horror at "wet, sloppy mash."

But why can't we strike a middle ground and capture some of the merits of both wet and dry mash and eliminate, to some extent at least, their faults? Therefore, I plead the merits of both wet and dry mash and means let us remember, however, that moist does not mean wet. Just moisten the mash until it will crumble, but not stick, or in other words have it about the consistency of the sub-surface of moist tillable soil.

The great merit of wet mash is that it will produce a quicker growth of the chicks than the dry mash. This same thing may be said of moist mash and at the same time the great demerit of wet mash is its unsanitary means of feeding—in elimination; and best of all the chickens relish the touch of added moisture.

Why not moist mash?—M. F.

Pressure Cooker.
"The steam pressure cooker is one of the modern conveniences that will soon pay for itself," says Mrs. Daisy M. Fraizer, district home demonstration agent, in a bulletin just published by the Extension Division of Oklahoma A. and M. College. "Cheaper cuts of meat, hard-to-cook cereals and vegetables can be cooked with the most satisfying results, the flavor and tenderness being equal to that of higher priced food cooked by ordinary methods."

"Many wholesome, highly nutritious foods, such as navy beans, hominy, corn meal mush, and meats, are not served regularly in many homes on account of the labor and amount of time required to cook them thoroughly. With a pressure cooker these foods can be made a part of the daily diet with a very small cost."

"Foods cooked in the pressure cooker require very little attention until ready to be taken out. Basting, turning, stirring and the continual adding of more liquid are not necessary as the food does not burn or dry out but remains moist, tender and juicy."

"There are a great many vegetables and meats which require approximately the same length of time for cooking. These can be cooked at the same time without intermingling of flavors."

"By placing the different foods in small pans, cans or jars, the steam can circulate freely through the foods. A complete dinner can be prepared in a cooker at one time."

The bulletin contains six pages of hints for the use of pressure cookers, including a number of menus and how to prepare them for the cooker. Copies of the bulletin may be had by writing the Extension Division, A. and M. College, Stillwater, Oklahoma.

BLACK ROCK.
Our school reopened Monday with a good attendance, everyone reported a good time during Holidays.

Mr. and Mrs. C. W. Harmon and family visited their daughter, Mrs. John Copen at Steedman Sunday.

Mr. and Mrs. Dru Patterson visited with G. M. Davis Sunday.

Gracie and Alice Gill visited Bulah and Myrtle Metcalf Sunday.

Bernice Kidwell visited with relatives in Allen last week.

Miss Ruby Palmer visited Miss Artie Edwards of Steedman Sunday.

Mr. and Mrs. J. A. Hawkins and their sons Marion and George and their families all took dinner with Mr. and Mrs. Ellis Keyton Sunday.

Quite a few of our farmers have begun to prepare their land for this year's crop.

The first trip on the new Paris to Warsaw air service took ten hours, as compared with sixty hours for the journey by train.

WEAK; RUN-DOWN
Carolina Lady Got So She Could Just Drag.—"Cardui Built Me Up," She Declares.

Kornersville, N. C.—In an interesting statement regarding Cardui, the Woman's Tonic, Mrs. Wesley Mabe, of near here, recently said: "I have known Cardui for years, but never knew its worth until a year or so ago. I was in a weakened, run-down condition. I became draggy—didn't eat or sleep to do any good; couldn't do anything without a great effort. I tried different remedies and medicines, yet I continued to drag.

"I decided to give Cardui a trial, and found it was just what I really needed. It made me feel much stronger soon after I began to use it. I began to eat more, and the nervous, weak feeling began to leave. Soon I was sleeping good.

"Cardui built me up as no other tonic ever did.

"I used Cardui with one daughter who was puny, felt bad and tired out all the time. It brought her right out, and soon she was as well as a girl could be. We think there is nothing like Cardui."

Do not allow yourself to become weak and run-down from womanly troubles. Take Cardui. You may find it just what you really need. For more than 40 years it has been used by thousands and thousands, and found just as Mrs. Mabe describes.
